

Product Change Notification—PCN001205

Jul 09, 2026

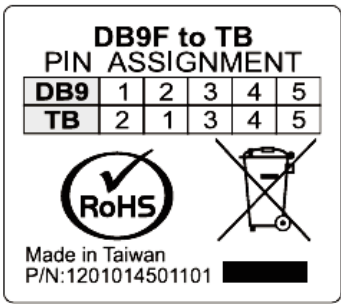

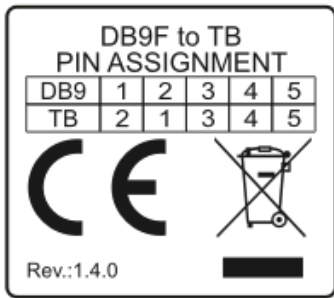

Dear Valued Customer,

We would like to inform you that **the Mini DB9F-to-TB's** internal design has been refined to enhance overall connection reliability, robustness, and communication stability across a wider range of operating environments.

What will change?

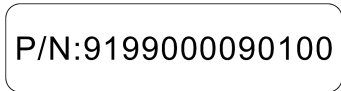

The new hardware revision 1.4.0 will implement the following changes:

- New model label

Mini DB9F-to-TB	
Current Version HW Rev 1.2.0	New Version HW Rev 1.4.0
	

Note: The product marking has been updated by replacing the standalone RoHS marking with the CE marking, which covers RoHS compliance.

- New package label

Mini DB9F-to-TB	
Current Version HW Rev 1.2.0	New Version HW Rev 1.4.0
	

Note: The manufacturing site has been shifted to China for better production integration and efficiency.

Which product will be affected?

Product Name	Current Version	Part Number
Mini DB9F-to-TB	V1.2.0	9199000090100

When will the new product be available?

Product Name	Version	Part Number	Available for Order
Mini DB9F-to-TB	V1.4.0	1711010130510	Oct 01, 2026

Note:

1. The planned new version implementation date is an estimate and may vary depending on the depletion of existing inventory.
2. During the transition period, products with both the previous and revised versions may be shipped concurrently.
3. The change in part number will not affect the way orders are placed. The customer can still place an order with the standard procedure.

If you have any questions, please email Fangping Cheng at FangPingFP.Cheng@moxa.com, or contact your regional sales representative.
